

## Conference embargo policy

---

All research presented at AIDS 2022 is embargoed. All conference delegates, presenters and media agree to respect this policy.

### When does the embargo lift?

The embargo on all abstracts, including oral abstracts, (e-) posters, and late breakers, will lift on **Thursday, 28 July 2022, at 10am Eastern Daylight Time (EDT)**.

Exceptions apply to research selected for presentation in any official AIDS 2022 press conference that takes place **before** Thursday, 28 July, at 10am EDT. The embargo on these selected abstracts will lift at the beginning of the respective AIDS 2022 press conference.

### What authors may share before Thursday, 28 July, at 10am EDT

Authors may publish the fact that their abstract has been selected for inclusion in the official AIDS 2022 conference programme.

### What authors may not share before Thursday, 28 July, at 10am EDT

Authors may **not** share any data or key takeaways from the abstract before its official release at AIDS 2022. This includes print, broadcast or online publications, media releases or conference presentations.

### Embargo breaks by presenters

A conference committee will review any potential cases of embargo breaks by presenters. Embargo breaks by presenters may result in the removal of the abstract in question from the conference programme. Embargo breaks include publication of the abstract data in a journal or public outlet before presentation at the conference.

Please direct any questions or concerns about the conference embargo policy for presenters to the AIDS 2022 Abstracts team at [abstracts@aids2022.org](mailto:abstracts@aids2022.org).

### Embargo breaks by media

Journalists who receive embargoed information related to studies to be presented at AIDS 2022 agree not to publish that information before the conference media embargo is lifted, regardless of the

source or format of the information (slides, press release, abstract or interview). Violation of the embargo policy by a journalist will lead to one or more of the following measures:

- Suspension of the journalist's conference credentials
- Removal of the journalist's name from the IAS media distribution list for two years
- Refusal to award media credentials for upcoming IAS conferences

Please direct any questions or concerns about the conference media embargo policy to the AIDS 2022 Communications team at [media@iasociety.org](mailto:media@iasociety.org).
